

As we start our 20th anniversary year, we wanted to take a moment and thank you - our clients - who have made our 20 years a success. Through the years you have supported us with repeat projects, referred us to your friends and colleagues, and challenged us with complex projects and growth opportunities. We have grown into a firm that knows our strengths and weaknesses and strives to provide an exceptional level of service to you, our clients.

As we look to our future, we expect to enjoy many more years working with you on interesting and inspiring projects. We are excited about the opportunities ahead of us. We pledge to continue to communicate effectively, provide excellent technical design, and collaborate with you as a team to meet your goals.

*Thank you for your faith in us for the last 20 years.
Here's to celebrating the next 20 together!*

Ginger Scoggins, Principal

Tom Velez, Principal
